**Benchmarks of Effective Educational Practice**

To represent the multi-dimensional nature of the data, the following table provides a summary of the results for each benchmark. The table is organized into three columns: the benchmark name, the percentage of students who reported that the benchmark was met, and the percentage of students who reported that the benchmark was not met. The data is presented in descending order of the percentage of students who reported that the benchmark was met.

| Benchmark  | Met (%) | Not Met (%) |
